5. Comparative Analysis: Similar ~180 sq.m. (1,938 sq.ft.) Alternative Plots

If you wish to compare **Plot R5-180** against identical footprint alternatives in Phase 3B before finalizing:

Plot No.	Area (sq.m. / sq.ft.)	Cluster / Orientation	Key Advantages / Comparison vs R5-180
R5-180 (Subject)	179.54 sq.m. (1,932.55 sq.ft.)	Southern Perimeter Row West Frontage / East Rear	Unblocked rear valley view over amenity EA 3; serene, low-traffic perimeter road; excellent morning sunlight in backyard.
R5-181	180.55 sq.m. (1,943.42 sq.ft.)	Southern Perimeter Row West Frontage / East Rear	Immediately adjacent to R5-180 to the south; identical unblocked valley exposure; slightly larger by 11 sq.ft.
R5-170, R5-171, R5-172	180.00 sq.m. each (1,937.52 sq.ft.)	Southern Perimeter Row (Western section)	Same southern boundary row but closer to the internal cross-junction; flat terrain; west facing.
R5-112, R5-113	180.00 sq.m. each (1,937.52 sq.ft.)	Central Cluster East/West Facing	Located in the central core; closer to internal parks and club facilities; however, surrounded by plots on both front and rear (no valley view).
R5-75, R5-76	184.02 sq.m. each (1,980.80 sq.ft.)	Northern Crescent Tier	Elevated hill view looking southward; slightly higher price bracket due to elevation.
